

4 DECADES OF TRUSTED EXCELLENCE

**“PROTECTING LIVES WITH  
ADVANCED ANTISEPTIC &  
DISINFECTANT SOLUTIONS.”**

[www.multicure.in](http://www.multicure.in)

## About Us:

Multicure Pharma Private Limited (MCPPL), established in 1982 and headquartered in Mumbai, India, is a trusted name in the global pharmaceutical industry. With over four decades of experience, we specialize in the research, development, manufacturing, and marketing of high-quality Antiseptic and Disinfectant solutions. Our products are engineered to support infection control and prevention, ensuring safety and efficacy across healthcare, institutional, and consumer sectors.

## Core Expertise:

Multicure excels in delivering advanced formulations that empower consumers and professionals to combat infections and maintain hygienic environments. Our focus lies in developing reliable, cost-effective, and scientifically validated products that meet the ever-evolving needs of global health.

## Manufacturing Excellence:

Our WHO-GMP certified production facility, located at IDA Bhongir in Hyderabad, Telangana, spans 34,500 sq. ft. and is equipped with state-of-the-art automated machinery and in-house laboratories for Analytical, Instrumental, and Microbiological testing.

- Leveraging 40+ years of manufacturing excellence.
- Exporting trusted pharmaceutical solutions worldwide.
- Ensuring timely delivery, compliance, and customer satisfaction.
- Committed to international quality & regulatory standards.
- Building strong partnerships across global healthcare markets.

## Mission:

To establish Multicure as a globally recognized leader in Antiseptic and Disinfectant solutions through continuous innovation, quality, and trust.

## Vision:

To enhance the quality of life worldwide by delivering technologically advanced, safe, and effective hygiene solutions that are accessible and affordable across all regions and healthcare settings.

## From the Desk of Managing Director

At our core, we have a clear purpose – to work for a better tomorrow. We channel our expertise and passion into proving that our business model delivers exceptional performance, creating lasting value for our partners, clients, and communities.

With operations spanning over five production units, we craft products that our clients truly love. Guided by consumer insights and fueled by innovation, our R&D team transforms great ideas into superior solutions—ensuring quality, relevance, and impact in every creation.

### Services:

Multicure Pharma – India's trusted name in disinfectant manufacturing. We are a leading provider of high-quality disinfectants and sanitizers, serving residential, commercial, and institutional needs across the country. From homes to hospitals to offices, our products are formulated with precision, ensuring effective protection and uncompromising safety.

### Production Innovation:

We strive to build innovative products for your wellness and ensure your safety in the outside world.

### High Priority:

Our clients are at the heart of everything we do. Every product complies with stringent quality standards and incorporates the latest safety developments, ensuring reliable performance in line with market demands. We proudly partner with companies across all industries, building lasting relationships through trust, quality, and innovation.

*"God bless everyone, Jai Hind!"*

## **From India to the World: A Clean Commitment**

With over 40 years of proven expertise in Pharmaceuticals manufacturing, Multicure Pharma Private Limited is proud to announce its strategic entry into the global export market. Headquartered in Mumbai, India, and backed by a WHO-GMP certified facility, we are committed to delivering world-class Antiseptics and Disinfectant solutions to international partners and healthcare systems worldwide.

### **WHO-GMP Certified Manufacturing:**

Our advanced 34,500 sq. ft. production facility in Hyderabad, India, meets stringent global regulatory standards—ensuring consistent Product Quality, Batch Traceability, and Compliance.

### **Global-Ready Product Line:**

We specialize in a wide portfolio of Antiseptics and Disinfectants designed to meet international healthcare, institutional, and consumer requirements.

### **High Production Capacity**

We ensure timely full-fillment and scalability for growing international demand.

### **Strong R&D and Custom Formulation**

We offer formulation flexibility, private labeling, and co-development opportunities to align with market-specific regulatory and consumer needs.

### **Efficient Supply Chain & Export Compliance**

From regulatory documentation to logistics and labeling, we support our partners with end-to-end export readiness.

### **Antiseptics & Disinfectants – OEM Services**

We offer third-party and OEM manufacturing of premium antiseptics and disinfectants, tailored to your brand's needs. Our WHO-GMP compliant facility ensures safe, effective, and consistent production—from formulation to final packaging.
